

Directions

Use these pages to help teach data graphing. Sort toy cars by land, sea, or air; color; or size. Take these pages outside, and graph acorns, flowers, and leaves. The uses are endless.

Laminate these pages, so you can reuse them!

All designs were created by Erin P.T. Canning. Thank you for respecting my terms of use.

Terms of use

- You may download this file.
- You may save this file on your computer.
- You may print and use these activities for non-commercial, personal or classroom use.
- You may share the link to WAM's Pre-K Resources page so others may find these activities.

- You may not alter this file in any way.
- You may not claim this file as your own.
- You may not link directly to the download file; instead, link to the web page on which this resource is available.
- You may not profit from this file in any way.
- You may not profit from print copies of this file in any way.
- You may not store this file on any other website.
